WALLPACK JUNCTION BOX

FEATURES:

- Meets the California Department of Transportation requirements for Wallpack Junction Box.
- The Sequoia Lighting Wallpack Junction Box is constructed from heavy duty galvanized steel to withstand the harshest environments.
- The Wallpack Junction Box is provided with knockouts per each agency's plans and specifications.
- The Wallpack Junction Box lid is provided with a wrap around neoprene gasket for a weather proof seal, and a full length stainless steel piano hinge for quick and easy access.
- Fully fabricated and machined, the Wallpack Junction Box is provided with three (3) Nema Type 4 hasps to ensure maximum protection against moisture.
- Also available are the optional Wallpack Junction Box extension rings.
