

**SPECIFICATIONS**

All Sequoia Lighting Transformer Pads are manufactured from heavy duty cast aluminum. Transformer Pad Units are available in three different sizes to accommodate your specific requirements. Each Pad assembly has slotted holes allowing for a variety of anchor bolt pattern combinations.

**FINISH**

All Transformer Pad assemblies are cleaned, etched and primed prior to painting. Standard colors for Transformer Pad assemblies are black, bronze, green and verde patina powder coated or wet sprayed. Custom colors and special finishes along with hot dip galvanizing are also available
