

POST TOP HORIZONTAL TYPE MOUNTING ARMS

SPECIFICATIONS

All Sequoia Lighting post top mount arm assemblies slip fit various pole tops. Tenons are round, square, or rectangular pipe size. Each arm assembly has a maximum capacity of one to four luminaires depending on mounting configuration. Arms come complete with locking set screws and are finished to match pole. Arms cataloged are fabricated from steel and are designed for use on steel and aluminum poles.

FINISH

All cross arms are cleaned, etched and primed prior to painting. Standard colors for cross arms are black, bronze, green and verde patina powder coated or wet sprayed. Custom colors and special finishes along with hot dipped galvanizing are also available.

*If required cross arm is not shown please consult factory.
