

SHOWN ARE JUST A FEW OF MANY BASE COVERS THAT SEQUOIA LIGHTING OFFERS

SPECIFICATIONS

All decorative and contemporary style base covers are cast aluminum or fabricated out of steel. All base covers are split or one piece design depending on the specified type. Each base cover assembly is provided with stainless steel hardware for securing it around the pole. Custom logos and decorations are available upon request. If required base cover is not shown please consult factory for details.

*If required base is not shown please consult factory.

FINISH

Each decorative or contemporary style base cover is sand blasted, cleaned etched, and primed prior to painting. Standard colors for decorative bases covers are black, green, bronze or verde patina powder coated or wet sprayed. Custom colors and special finishes are available.
